

# Cold chain packaging

## Cross over to cool

Exceptional thermal protection for meal kits and other temperature sensitive shipments

2-piece liner placed in a cross over pattern provides thermal protection for up to 48 hour.

Cross over pattern places 35% more packaging at the top and bottom of the box, providing an air tight seal.

**100% Sustainable** 

100% made from recycled material  
100% curbside recyclable

## Insulating power of paper

Superior performance to foil bubble

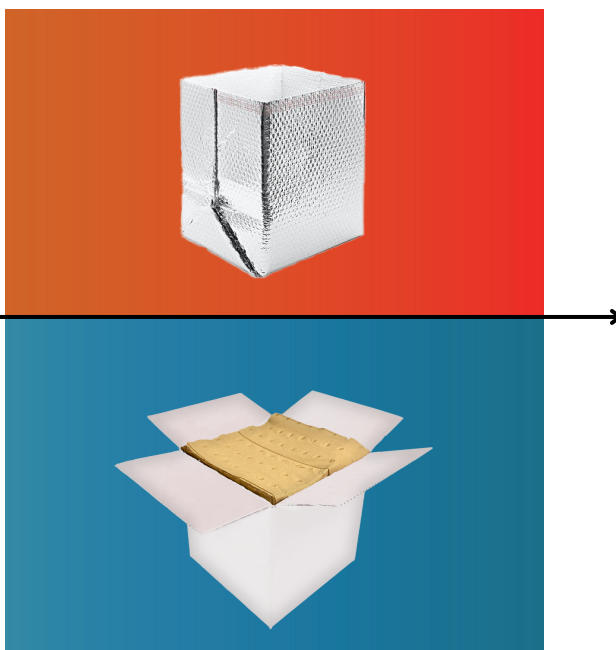

**Celsius**  
15°  
(50°)

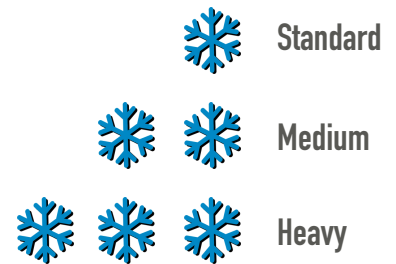

**Cutoff Threshold**  
5°  
(41°)

**Celsius**  
0°  
(32°)

Different sizes and thickness to fit any container and any seasonal need

ecoMAX® Cool standard vs bubble foil liner

Testing was run using 12x12x12 box for 35 hours using like for like pack outs

**24 hour**
